OF VISIONARY LIGHTING DESIGN

GIO

Pendant

Bringing inspirations from the Italian modernist architecture and design, GIO Pendant Light named after Gio Ponti, a worldwide reference for creating beautiful buildings across the world, always starting with geometric shapes and filling them with unexpected details inside.

ZENITH

Suspension

The stunning natural beauty of Zenith Suspension is born from the intense shining star constellations presented in the celestial sphere.

The
METIER
Collection

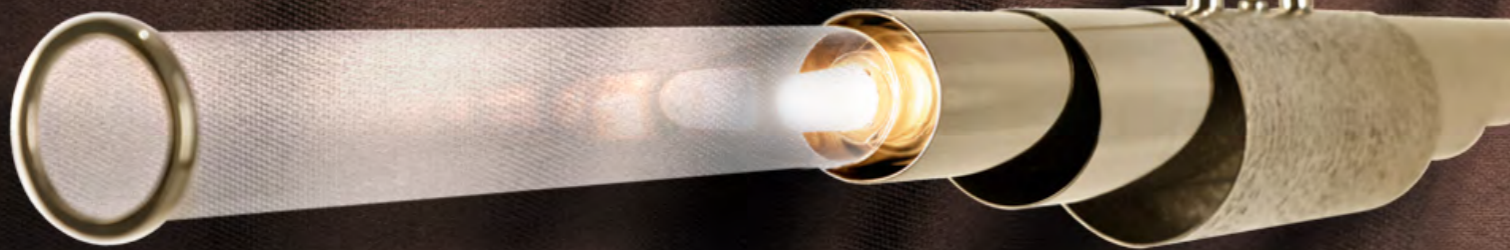

THE SAVOIR FAIRE
Elegant Lighting by Castro, Since 1978.

METIER

Suspension

A lighting fixture extremely energetic, enthusiastic, and refined. With overlapping cylinders, it visually creates an intriguing design silhouette. Assembled with several brass tubes, the chandelier has an audacious angularity that's tempered by distinguished gold plated and hammered finishes coupled with the machined glass detailed at the tip.

“When the Art of Brass Craftsmanship becomes Lighting Design, Since 1978.”

METIER

Wall Light

This light sconce is the selection for framing a dramatic corridor with perfectly balanced lighting that comes out of the tubes. Selected high-quality materials, top finishes, “strict design rules” define this design as a breakthrough, involving many carefully arranged elements.
