

CASTRO

ARIELLE

SUSPENSION

The enchanting Arielle Suspension is a true masterpiece, inspired by the captivating tale of "The Little Mermaid". This iconic story, written by the Danish author Hans Christian Andersen, tells the tale of a young mermaid named Arielle, who sacrifices her underwater world for her love of a human prince.

Crafted by skilled artisans, this stylish suspension boasts an intricate gold-plated brass structure surrounded by sparkling clear crystals, reminiscent of the sea foam that Arielle transforms into when her love goes unrequited.

With its exquisite design, this unique lighting fixture adds a touch of glamour and elegance to any living space, creating a romantic and dreamy atmosphere. Whether placed in a living room or a bedroom, the Arielle Suspension is a perfect addition to any home looking to add a touch of magic and fantasy to its interior decor.

Let the Arielle Suspension transport you to an underwater world filled with enchantment, adventure, and wonder, where mermaids, sea creatures, and humans come together in a tale as old as time.
